HYUNDAI

IONIQ 5

Electric Global Modular Platform (E-GMP).

Hyundai IONIQ 5 is built on Hyundai's proven Electric Global Modular Platform (E-GMP). This dedicated battery electric vehicle platform enables faster charging, increased driving range, more interior space and better handling. The battery pack's position ensures ideal weight distribution and enables improved handling performance. Installing the battery under the floor also eliminates the centre tunnel, which results in a perfectly flat floor. This in turn increases leg room and enhances the feeling of openness and roominess throughout. The platform is based on 4 key pillars:

Modularity

Multiple segment vehicle development with various battery module compositions.

Performance

Compact all-in-one system (Motor-Inverter-EV transmission) for an improved driving experience.

Reliability

Battery and cabin protection with an integrated structure of battery pack and body.

Usability

Flat floor resulting in increased space by eliminating rear centre tunnel and allowing optimum seat utility.

Power your world.

The new Hyundai IONIQ 5 is proof that perfection can be made even more brilliant. What was always breathtakingly beautiful and amazingly advanced, the all-electric SUV is now designed to go beyond what was thought possible. The car continues to retain its elegance of innovative concept car design coupled with amazing performance, environment-friendly materials and an astonishing array of smart technology. Now, with a 84 kWh battery pack, no destination is beyond its reach. Utilising a 350 kW DC charger, its ultra-fast charging capability takes it from 10% to 80% in just 18 minutes**. IONIQ 5 has been created to take you further with faster charging and incredible design.

**Actual charging time varies based on several factors, including current battery level, output of charging unit, vehicle & battery settings, battery temperature, outside ambient temperature, uninterrupted power supply etc. 350 kW ultra-fast charger required for quickest charging times.

Power your world.

Go beyond your plans.

You should decide how far you want to go. The new Hyundai IONIQ 5 with the updated 84 kWh battery pack will cruise to your whims. Offering exceptional driving range and handling, you are about to discover that limits are for others. Equipped with a high-speed charging system, this all-electric machine doesn't wait to get going. Because it's built for those who don't either. That, however, is just the start. The new Hyundai IONIQ 5 now comes with features that make the unmissable even more unforgettable.

Take the power with you. With V2L (Vehicle-to-Load).

Your world runs on electricity. And the new Hyundai IONIQ 5 keeps it powered up. The innovative V2L (Vehicle-to-Load): Inside and Outside lets you make the most of sustainable electric mobility. All with an on-board socket located at the backseat. And for the times that you are out at the beach or exploring on your own, you can carry your devices and power them using a converter that plugs into the bidirectional exterior socket. The V2L socket provides up to 3.6 kW power.

V2L (Vehicle-to-Load): Outside

V2L (Vehicle-to-Load): Inside

Maximum amount of power output

3.6 kW

Inside is all you need.

If there is one thing that the interiors of the new Hyundai IONIQ 5 misses, it is the word to describe it. With its premium front relaxation seats, sliding centre console and more, the cabin was always a living space carved out for an indulgent experience. With fresh details that are layered over these, it now turns it into a world you would never want to step out of.

Design change of centre console

3-Spoke leather steering wheel with 4-dots illuminated design

4 dots branding on seats

Wireless Android Auto & Apple CarPlay

Other features : Eco-processed leather seat upholstery | Rear power sliding seats | LED ambient mood lighting

Approved by nature.

The new Hyundai IONIQ 5 redefines what sustainable mobility looks and feels like. It’s designed to be an example of how we can create a better future for the next generation. With eco-friendly materials and nature-inspired colours, IONIQ 5 sets itself as a green, clean mobility solution.

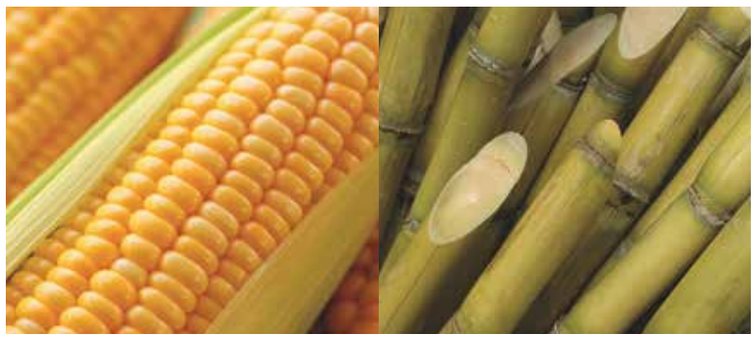

Eco-processed leather

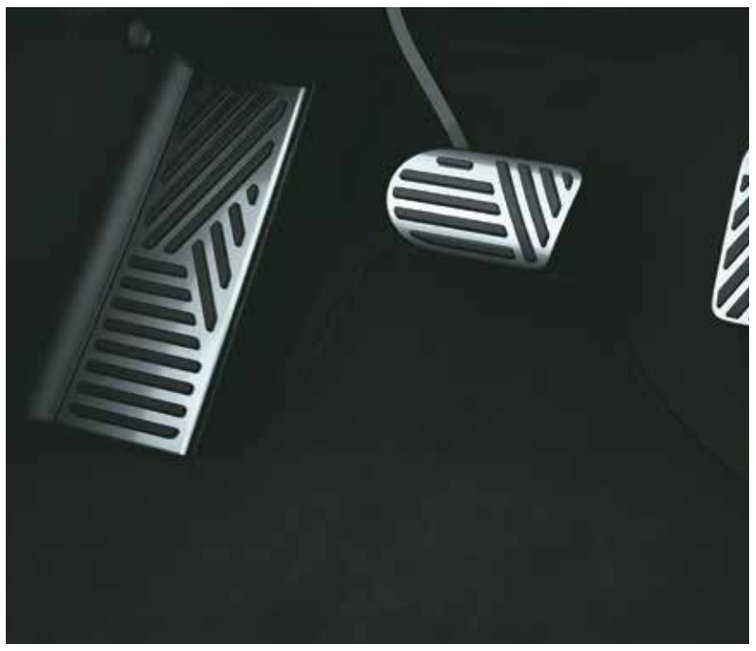

Leather used in IONIQ 5’s interior is dyed using flaxseed oil.

Plants turned to components for headlining and carpets

The headlining and carpet fabric includes bio-components extracted from sugarcane and corn.

Flowers turned to paint

The IONIQ 5’s crash pad and door trims are painted with bio-paint that includes oil extracted from plants such as rape flowers and corn.

Paperette

Look closely at the detailing on the door and you'll find 100% recyclable paperette. Made from HDPE, it has the same lightness and texture of traditional paper.

Recycled bottles turned to fabric

For each Hyundai IONIQ 5, recycled bottles are shredded into plastic chips that are used for seatback and door armrests.

When tech feels personal.

In the new Hyundai IONIQ 5, technology is not just a way to enhance your driving pleasure and safety. It is also your driving partner that gets you. With intuitive experience of the ccNC cluster and the wireless Andriod Auto and Apple CarPlay, the tech is designed to make the car feel like an extension of you. The Home-to-Car with Alexa enables you to connect your all-electric SUV from the comfort of home. The 31.24 cm (12.3”) ccNC navigation system and 31.24 cm (12.3”) full digital display cluster provides you a digital cockpit-type ambience in Hyundai IONIQ 5.

Home-to-car with Alexa^^

Bose premium sound system (8 speakers)

31.24 cm (12.3”) ccNC navigation system

Hyundai Bluelink connected car technology

Other features : Hands-free smart power tail gate with height adjustment | Wireless phone charger | Ambient sounds of nature
Smart key with push button start

Hyundai SmartSense~

Level 2 ADAS with 22 features

Hyundai SmartSense technology offers an intuitive sense of safety that keeps the driver and passengers always protected. It enhances your driving experience into one that is convenient and stress-free. These safety features are designed to avoid crashes and collisions by offering technologies that alert the driver to problems, implementing safeguards and taking control of the vehicle, if necessary. It is also proven to reduce road fatalities by minimising human errors.

Forward Collision - Avoidance Assist - Junction Turning (FCA - JT)

Rear Cross - Traffic Collision Warning (RCCW)

Lane Following Assist (LFA)

Blind-Spot Collision Warning (BCW)

Other features: Forward Collision Warning (FCW) | Forward Collision - Avoidance Assist - Car (FCA - Car) | Forward Collision - Avoidance Assist - Pedestrian (FCA - Ped) | Forward Collision - Avoidance Assist - Cycle (FCA - Cyl) | Forward Collision - Avoidance Assist - Direct Oncoming (FCA - DO) Blind-Spot Collision - Avoidance Assist (BCA) | Lane Departure Warning (LDW) | Lane Keeping Assist (LKA) | Driver Attention Warning (DAW)Safe Exit Warning (SEW) | Safe Exit Assist (SEA) | Smart Cruise Control with Stop & Go (SCC with S&G) | High Beam Assist (HBA) | Leading Vehicle Departure Alert (LVDA) | Rear Cross - Traffic Collision - Avoidance Assist (RCCA) | Parking Collision Avoidance Assist - Rear (PCA - R) Blind-Spot View Monitor (BVM) | Surround View Monitor (SVM)

Safe for you.
Safe for the world.

The Hyundai IONIQ 5 is equipped with advanced technology to keep you safe on the road. This silent EV comes with a Virtual engine sound system so that pedestrians can be notified for the incoming vehicle from a distance.

Virtual engine sound system (VESS)

Electric parking brake (EPB)

Other features : Electronic stability control (ESC) I Vehicle stability management (VSM) I Hill-start assist control (HAC)
Tyre pressure monitoring system (TPMS) [highline] I All 4 disc brakes

Timeless perfection.

The new Hyundai IONIQ 5 builds on the captivating design that made it stand alone, and far above the rest. Smooth and seamless with a strong focus on minimalism, it flaunts an exquisite clamshell hood that spans the entire width of the car – minimising panel gaps for a clean, high-tech look. Precisely modelled surfaces and shapes give the new Hyundai IONIQ 5 an angular aerodynamic look. The side graphics are highlighted by auto flush door handles that vanish, further enhancing the clean look. Active air flaps, sharp lines and hidden charging port give the vehicle a sleek modern look. With the distinctive LED headlamps with their Parametric pixels – unique jewel-like design elements that are further enhanced by the aero-optimised wheels.

Key features

IONIQ 5	
Exterior	
Parametric pixel LED headlamps & tail lamps	
LED daytime running lights (DRL) & front LED accent lighting	
Active air flap (AAF)	
R20 (D = 512.8 mm) Aero alloy wheels	
LED turn indicators on outside mirrors	
Auto flush door handles	
Rear spoiler with LED high mount stop lamp (HMSL)	
Frunk (57 l)	
Rear wiper	
Comfort & convenience	
Eco-processed leather seat upholstery	
Front Seat (Driver & Passenger)	Power adjustment seat with lumbar support
	Relaxation seats
	Powered passenger seat walk-in device
	Ventilated & heated function
Rear seat	Power sliding & manual reclining function
	Heated function
Memory seat configuration (all seats)	
Sliding center console	
3-Spoke leather steering wheel with 4-dots illuminated design	
Heated steering wheel	
Vision roof	
V2L (Vehicle-to-Load) : Inside and Outside	
Hands free smart power tail gate with height adjustment	
Heated outside mirrors	
Column type shift-by-wire	
Smart regenerative braking system	
Rain sensing wipers	
Dual zone automatic temperature control (DATC)	
Drive mode select	
Wireless phone charger	
Rear window sunshade	
Infotainment & connectivity	
31.24 cm (12.3") Full digital display cluster	
31.24 cm (12.3") ccNC Navigation system	
Hyundai Bluelink connected car technology	
Controller Over-the-Air (OTA) vehicle updates	
In-car payment	
Smartphone connectivity | Wireless Android Auto & Apple CarPlay	

IONIQ 5	
Bose premium sound system (8 Speakers)	
Active sound design	
Safety	
6 Airbags (Driver, passenger, side & curtain)	
Electronic stability control (ESC) & Vehicle stability management (VSM)	
Hill-start assist control (HAC)	
Multi collision-avoidance brake (MCB)	
Electric parking brake (EPB)	
Electro chromic mirror (ECM)	
Tyre pressure monitoring system (TPMS) highline	
Virtual engine sound system (VESS)	
Child seat anchor (ISOFIX)	
Parking assist	Rear parking sensor
	Front parking sensor
	Side parking sensor
Hyundai SmartSense (Advanced Driver Assistance System)	Forward Collision Warning (FCW)
	Forward Collision - Avoidance Assist - Car (FCA - Car)
	Forward Collision - Avoidance Assist - Pedestrian (FCA - Ped)
	Forward Collision - Avoidance Assist - Cycle (FCA - Cyl)
	Forward Collision - Avoidance Assist - Junction Turning (FCA - JT)
	Forward Collision - Avoidance Assist - Direct Oncoming (FCA - DO)
	Blind-Spot Collision Warning (BCW)
	Blind-Spot Collision - Avoidance Assist (BCA)
	Lane Departure Warning (LDW)
	Lane Keeping Assist (LKA)
	Driver Attention Warning (DAW)
	Safe Exit Warning (SEW)
	Safe Exit Assist (SEA)
	Smart Cruise Control with Stop & Go (SCC with S&G)
	Lane Following Assist (LFA)
	High Beam Assist (HBA)
	Leading Vehicle Departure Alert (LVDA)
	Rear Cross - Traffic Collision Warning (RCCW)
	Rear Cross - Traffic Collision - Avoidance Assist (RCCA)
	Parking Collision Avoidance Assist - Rear (PCA-R)
	Blind-Spot View Monitor (BVM)
	Surround View Monitor (SVM)
Charger	
Portable charging cable	
11 kW wallbox charger	

Technical specifications

Items	IONIQ 5
Dimensions	
Overall length (mm)	4 655
Overall width (mm)	1 890
Overall height (mm)	1 625***
Wheelbase (mm)	3 000
Electric motor	
Electric motor type	Permanent magnet synchronous motor (PMSM)
Configuration	Rear wheel drive (RWD)
Max power (kW (ps))	168 (228.5)
High voltage battery & charging	
Battery type	Liquid cooled lithium-ion with battery heating system
Capacity (kWh)	84
Estimated AC fast charging time** (SOC 10% to 100%) from 11 kW AC fast charger	7 h 35 min
Estimated DC fast charging time** (SOC 10% to 80%) using DC fast charger*	18 min
Transmission	
Type	Single speed reduction gear
Suspension	
Front	McPherson strut
Rear	Multi-link
Brakes	
Front	Disc
Rear	Disc
Wheel & tyre	
Size	255/45 R20 (D = 512.8 mm) Aero alloy wheel
Spare tyre	Tyre Mobility Kit (TMK)

**Actual charging time varies based on several factors, including current battery level, output of charging unit. Vehicle & battery settings, battery temperature, outside ambient temperature, uninterrupted power supply etc.
*350 kW ultra-fast charger required for quickest charging times.

***Without shark fin antenna.
